

## {GREEN ONIONS} *Allium cepa*

An essential ingredient in salads, sauces and as a garnish for grilled meats, GN PRODUCTORES' green onions are outstanding for their fresh taste and crunchy texture. Also, these qualities have made the green onion one of the basic ingredients in Chinese and Japanese cuisine.

Nutritionwise, green onions are a very important source of beta-carotene, which is known as a natural antioxidant widely used in the prevention of cancer and other degenerative diseases, making them a great addition to a well-balanced diet.

## {CHARACTERISTICS}

- Fresh appearance
- Deep green hue
- Consistent texture and Intense taste.
